

## **Cheat codes to navigate online bookstore**

- AC:** Stands for Access code which means that the software is required. All Access codes have an eBook embedded in them.
- EB:** Stands for eBook which gives access to just the textbook. If you see this listed that means you are not required to have software.
- DO:** Stands for Digital Option and you will have instant access to the Digital book from the main bookstore page after you Log in. Click on the link to access the eBook.

**See instructor before Opening:** Please do not add to cart. This is to let the student know they need to speak with Professor before purchasing so that the correct Duration (Example: 18 weeks, 4 Month, 1 Year, etc.) can be purchased for your degree.

**Examples of Software:** Connect, MyLabs, Inquisitive, etc.

**E-MAIL Access Codes Shipping Option:** Only choose if your whole order is Access Codes or eBooks. We can't e-mail an access code if it is part of a textbook package. They are non-refundable since we are sending a one-time use code via e-mail and no way to verify it if was activated.
